Completing Coney's Comeback

In this Off the CUF commentary, Jasper Goldman, David Gratt and Juan Rivero conclude that it will require more than just a new amusement operator to re-establish Coney Island as a thriving outdoor entertainment destination. The piece applauds the Bloomberg administration for recent steps taken to bolster Coney Island's amusement district, but calls on city officials to take a series of relatively minor actions over the next few months to address several of the entrenched problems that have long undermined the area's appeal.
